VET Excellence Awards

The VET Excellence Awards highlight best practices and recognise excellence in Vocational Education and Training (VET) all over Europe. By showcasing outstanding examples of VET, we provide visibility and recognition for good work – and motivate individuals and organisations that work with VET. This serves to build new networks, expand existing ones, and create new career opportunities.

By using the awards as benchmarks, and creating a movement with its focus on excellence in VET, the initiative reaches far beyond the usual VET stakeholders. It ultimately raises the attractiveness of VET - one of the aims of the European Vocational Skills Week.

EAfA awards – Large Companies

At most 1 selection(s)

ÖBB Infrastruktur AG, Austria

SNCF, France

We at ÖBB-Infrastruktur AG knew – the digital future is now! Digital technologies and possibilities improve our education and make us more independent and flexible. One of the most important points in the conversion of classroom teaching to digitalised teaching was the self-determined access of trainers and trainees to teaching materials and interaction with them. More...

7 304 APPRENTICES! SNCF, one of the world's leading passenger transport and freight logistics groups, is deeply committed to youth integration and the transmission of knowledge and skills. With its in-house Apprentice Training Centre and campuses, both of which provide training for railway professions, apprenticeship remains one of the Group's priorities. More...

my name is Evangelos Iouzas and i am currently working as an apprentice for Kotoula Anastasia P., a small accounting office located in Serres, Greece. I started my apprenticeship programme during the COVID-19 pandemic that has modified the work environment and the way businesses function. When I started working, I had to quickly adjust to the new measures imposed by the COVID-19 health protocols and find solutions for problems caused by the pandemic.

my first job had the first thing that came to mind when I was offered a three-month mobility position to put into practice the skills acquired during a year of training. After more than 15 years as an administrative accountant, I took a break to become a mother which, together with my age, left me in a weak position to enter the labour market. Thanks to IGIA Alzira, I spent a fruitful year on a VET course about caregiving and mediation. Here.

Training at Work award

at most 1 selection(s)

Virtual Dawn, Finland

Virtual Dawn is empowering people around the world to create Virtual Reality content. These tools are being used in Unity Game engine and contain the codes and the contents that are used to create Virtual Dawn simulations and games. The people who work with Virtual Dawn get a chance to create a project they want as part of their workplace training. So far, this has been a very good way to give creative minds a nice way to get to know Virtual Dawn. Social Media

Zora Robotics NV, Belgium

ZoraBots is a robotics company founded in 2011 by Fabrice Duffin and Tommy Deleplek. It's the best educational and service robotics company in Europe, with four offices around the world. ZoraBots has an robust integrated learning system that enhances learning of STEM subjects and computer programming languages like Python for beginners, Python for intermediate, C++, JavaScript and Java for advanced users.
